L2 Syntax Acquisition: The Effect of Oral and Written

The auditors may plan to use other computer facilities when the use of CAATs on an entity's computer is uneconomical or impractical, for example, because of an incompatibility between the auditors' package program and the entity's computer. Additionally, the auditors may elect to use their own facilities, such as PCs or laptops.

Computer Assisted Language Learning: Vol 31, No 5-6

Alan Pringle and Sharlotte Somerville describe a pilot project that uses new technology to help unlock the memories of people with dementia. Reminiscence therapy is a positive pastime for people with dementia and there is evidence to suggest that it is helpful in improving overall psychological wellbeing and preventing further psychological ...
