Fouberg's Human Geography, 11th Edition teaches students to appreciate the diversity of people, places, and cultures, and understand the role people play in shaping our world. The goals of this edition are to provide geographic context to global, regional, national and local issues and to teach students to think geographically and critically about these issues.

"Human Geography: Culture, Society and Space" challenges students to think geographically across scale and across a wide range of geographical phenomena and global issues. The authors engage the students throughout the text by posing geographical questions that encourage students to think critically about their own locality, region, nation, and world. In the eighth edition, the authors reform at the text to 14 chapters, provide a clear outline of key questions for each chapter, integrate ...
